NOTICE TO SHAREHOLDERS

Dear Shareholder,

SSGA SPDR ETFs Europe I plc (the "Company")

Fund Name

SPDR Bloomberg 15+ Year Gilt UCITS ETF

(the "Fund")

We are writing to you as a Shareholder in the Fund to advise of the following change to the supplement (the "**Supplement**") for the Fund above which will take effect as at the date the revised Supplement is noted by the Central Bank.

1. Addition of Currency Hedged Share Classes

Two new currency hedged Share Classes are being made available for the Fund:

Share Class Type	TER
EUR Hedged – Accumulating & Distributing	0.20%
USD Hedged – Accumulating & Distributing	

Details regarding these new Share Classes are included in the revised Fund Supplement.

2. Investment Objective and Policy

Hedged Share Classes are made available within the supplement and Currency Hedging section added to Investment Objective and Policy.

3. Use of Financial Derivative Instruments ("FDIs")

With the introduction of hedged Share Classes, **Derivatives** are added as Permitted Investments in the Supplement, for currency hedging and efficient portfolio management purposes. The use and risks of **FDIs** are being included the Supplement.

4. Additional Investment Risks

Additional investment risks are being included in the Supplement relating to **Share Class Risk** and **Currency Hedging Risk** as indicated below.

*“**Share Class Risk:** There is no segregation of liabilities between Classes of the Fund. While the Investment Manager and/or Sub-Investment Manager will seek to ensure that gains/losses on and the costs of the relevant FDI associated with any currency hedging strategy will accrue solely to the Class for which it is intended, the transactions could result in liabilities for other Classes.”*

*“**Currency Hedging Risk:** Hedges are sometimes subject to imperfect matching between the hedging transaction and the risk sought to be hedged. There can be no assurance that the Fund’s hedging transactions will be effective. As the purpose of currency hedging is to try to reduce or eliminate losses caused by exchange rate fluctuations, it can also reduce or eliminate gains where the currency in which the Fund’s assets are denominated appreciates.”*

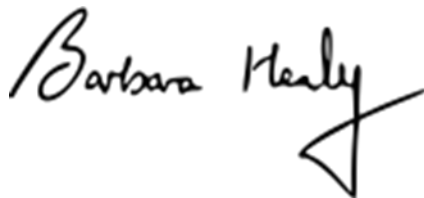

5. Other changes

Some other minor related changes have also been included in the Supplement .
