Amendment to the Prospectus

1. The section of the Prospectus entitled “**Use of Repurchase/Reverse Repurchase Agreements/Securities Lending Agreements**” shall be amended by deleting the sixth paragraph thereunder and replacing it with the following:

*“Participating in a securities lending programme allows a Fund to receive the net income generated by lending its securities. All revenues from efficient portfolio management techniques and securities lending, net of direct and indirect operational costs (including the fee paid to the securities lending agent), will be returned to the relevant Fund. Pursuant to the terms of the relevant securities lending agreement, the appointed lending agent (State Street Bank and Trust Company, acting through its London branch, or any affiliates) will be entitled to retain a portion of up to 25% of the securities lending gross revenue to cover all fees and costs associated with the securities lending activity, including the delivery of loans, the management of collateral and the provision of the securities lending indemnity and such fees paid will be at normal commercial rates. The Fund will be entitled to at least 75% of the securities lending gross revenues. Information on direct and indirect operational costs and fees incurred by each Fund in this respect, as well as the identity of the entities to which such costs and fees are paid and any affiliation they may have with the Depositary or the Management Company, if applicable, will be available in the Annual Report. The securities lending arrangements and associated costs will be reviewed at least annually. The securities lending agent (i.e. State Street Bank and Trust Company) is a related party to the Management Company. Investors should also read the risk warning headed “**Securities Lending Risk**” in the “**Risk Information**” section”*
