* The gross expense ratio is the fund's total annual operating expense ratio. It is gross of any fee waivers or expense reimbursements.

** The net expense ratio is the fund's total annual operating expense ratio after fee waivers or reimbursements.

Some of the funds listed may have current fee agreements in place that reduces fund expenses and if removed or modified will result in higher expense ratios and reduce fund performance. Complete details can be found in each fund's prospectus on our website ssgafunds.com.

Important Risk Information

Fee waivers and reimbursements can be found in the funds' most recent prospectuses. Gross expense ratio and net expense ratio can be found in the funds' most recent prospectus. Equity securities may fluctuate in value in response to the activities of individual companies and general market and economic conditions.

Index or Passively managed funds hold a range of securities that, in the aggregate, approximates the full Index in terms of key risk factors and other characteristics. This may

cause the fund to experience tracking errors relative to performance of the index.

SSGA Target Date Fund are designed for investors expecting to retire around the year indicated in each fund's name. When choosing a Fund, investors should consider whether they anticipate retiring significantly earlier or later than age 65 even if such investors retire on or near a fund's approximate target date. There may be other considerations relevant to fund selection and investors should select the fund that best meets their individual circumstances and investment goals. The funds' asset allocation strategy becomes increasingly conservative as it approaches the target date and beyond. The investment risks of each Fund change over time as its asset allocation changes.

The performance and risks of each SSGA Target Retirement Fund and the SSGA Target Retirement Income Fund will directly correspond to the performance and risks of the underlying funds in which it invests and in proportion to each Fund's allocation to each of these underlying funds. By investing in many underlying funds, the SSGA Target Retirement Funds and Target Retirement Income Fund have exposure to the risks of many different areas of the market.
